WELCOME! WE HOPE YOU HAVE FUN AND PLEASE REMEMBER, TONIGHT'S ACTIVITIES ARE ABOUT SHOWING OFF, FAIR COMPETITION, AND MOST IMPORTANTLY, HAVING FUN. DON'T TAKE THINGS TOO SERIOUSLY! THE FOLLOWING RULES WILL HELP ANSWER YOUR QUESTIONS ABOUT TONIGHT'S ACTIVITIES.

IF YOU ARE ENTERING THE PITS:

- 1) In the drag strip area you must stay behind the walls and be aware for your own safety at all times.
- 2) No Carry Ins. Alcohol is not permitted in pits.
- 3) If you are not racing, park your car in the pit area BEHIND (North) of the Small oval track, located behind the big hill - on your right when you are entering the infield.
- 4) If the go-karts are racing tonight, they are pitting outside our pit entrance. **Please drive slowly entering and exiting the grounds**, as there are many children in this area.

IF YOU ARE DRAG RACING:

- 1) No Burnouts! Sign up for burnout contest at the pit gate.
- 2) Riders are welcome. EVERYONE must have a seat belt on.
- 3) No one under **12** may ride in the drag race at any time.
- 4) There is no limit on practice runs (as time permits). Just pull up to the line. We will release you...one car at a time. You may get in line in the pre-staging area in turns 3 and 4 of the "big" race track.
- 5) No speeding after drag runs.
- 6) If we have determined you have "red lighted" you will be notified on backstretch.
- 7) You MAY enter in more than one bracket. However, you must "move up" to a stronger bracket. **Once you win the Bracket- you may not participate in that bracket for the next event. (Except for the Open Bracket).**
- 8) When bracket racing begins, we will separate you into your "bracket". We may combine brackets, depending on the number of vehicles entered. The brackets are run in that respective order as well. After each of *your* bracket run, you must stop on the backstretch. An Official will guide you on where to go. If you are eliminated from your bracket, you must go into the pits. **We may split a Bracket if we have a large number of cars. You will have to remain on track until other "split" cars have finished. Weather and time permitting.**
- 9) **CYCLES/ATV's Insurance** requires helmets and long sleeved clothing. You drag to WHITE line.

- 10) Drag to the ORANGE line!! (Except for cycles, they race to white line)
- 11) **BUYBACKS.** If you are eliminated in brackets, and there is still *time permitting*, you may re-enter in the "Buyback" bracket. This will cost \$5 to enter and it is a single elimination bracket. You can purchase your Buyback on the road in turn three...it is the road that leads out onto the track.
- 12) Be aware that we will not tolerate stupidity. This means while racing, or at any other time.
- 13) Any persons, whom have consumed alcohol prior or during the event, may not participate.

- SHINE AND SHOW -

You may do both...drag, and shine and show. We will do the shine and show around 8:15. Park your car in the shine and show area (on quarter mile wall) and turn your flashers on. Our judges will be around to check your ride out.

- TONIGHT'S TENTATIVE EVENT SCHEDULE -

6:00 - Pit Opens **6:40** - Practice or Grudge runs **7:30** - Brackets start
7:50 - Burnout contest **8:15** - Shine & Show

- BRACKETS -

Your Bracket is determined by Tech Officials prior to entering track. If you have any questions contact them. They are located in the staging area. Additional Brackets may be added. NOTE: You may be moved up a Bracket if we determine your vehicle does not meet the parameters of the current Bracket you are participating in.

Order of Brackets to be run tonight

(By number and Sticker color):

OPEN	-	(Blue rectangle)
CYCLES	-	(Purple rectangle)
DETROIT IRON OEM-		(Gold 9)
TUNER OEM	-	(Green 10)
TRUCKS OEM	-	(Black 2)
MUSTANG OEM	-	(Yellow 5)
